

Old Cestrefeldians' Trust Awards 2026

The Old Cestrefeldians' Trust offers annual educational awards and other awards to all schools in the Borough, plus Chesterfield College. In addition to those individually detailed, the following have been granted to date.

Outwood Academy Newbold Award

The Outwood Academy Newbold Award was granted to Mollie P.

Mollie is working towards her Gold Duke of Edinburgh Award. She would use the grant to fund the residential section of the programme when it will enable her to participate in opportunities to the full including in activities such as kayaking.

On successful completion, she looks forward to having the honour of visiting Buckingham Palace for the presentation, "a once in a lifetime opportunity".

Mollie plans to go to university to study paramedic science and to fulfil her longtime ambition of working in the health sector.

Parkside Community School Award

Breakfast clubs are known to have many benefits to students, including improved concentration, attendance and punctuality, social development and support for families.

Parkside has introduced a breakfast club for some of its vulnerable students, but has been struggling to find any funding to support. The Old Cestrefeldians' Trust has been pleased to support this endeavour with an award.
